MEMORANDUM FOR: The DD/P Survey File

SUBJECT : DD/S Committee

1. Attached is the outline followed to some extent in briefing Col. White's "anti-bureaucracy" committee. This committee chaired by 25X1A9a [REDACTED] and consisting of four senior DD/S personnel, including 25X1A9a [REDACTED] and two others, is to search aggressively for means of eliminating red tape in the DD/S. The committee was formed as a result of charges, as Col. White put it, that we levied against him in our DD/P survey.

2. [REDACTED] and I briefed the committee at some length and they seemed enthusiastic about achieving some results. Everyone agreed, however, that Col. White would have to stick his neck out if their recommendations are to be implemented effectively.
